Ten negroes arrived last night to take the places of white miners. The negroes were escorted to the city limits by a committee of miners and induced to leave town.

Governor Tanner has promised to send state mine inspectors to examine the men.

PROTOCOL MUST BE RESPECTED.

Claimed That Insurgents Have Not Ceased Hostilities—Journal of Cuban Delegation Explains.

Madrid, Aug. 24.—There is a growing feeling of irritation, which has been discussed fully in ministerial circles, at the failure of the insurgents to respect the protocol and order for a cessation of hostilities. If the insurgents continue hostilities, the government, according to an important ministerialist, will give orders to the Spanish troops to take offensive action against the insurgents who do not respect the protocol.

Cuban Counsel Explains.

New York, Aug. 24.—In an interview, H. S. Rensselaer, counsel of the Cuban delegation, said it was possible that small bands of Cubans are still fighting in the interior of Cuba. He was sure, however, that wherever the news of the protocol had been carried the Cubans had ceased fighting.

KILLED WITH POISONED CANDY.

Woman Arrested in California for the Murder of Two Persons in Delaware.

San Francisco, Aug. 24.—Mrs. W. A. Botkin has been arrested at Stockton, on the charge of murdering Mrs. John P. Downing and Mrs. Joshua Dean, at Dover, Delaware, by means of poisoned candy sent from this city. She stoutly asserts her innocence. Detective Dolson, who assisted in the arrest of Mrs. Botkin, states he has no warrant for the arrest of any other woman.

Refused to Make Statement.

Dover, Del., Aug. 24.—John P. Downing, whose wife and sister-in-law were poisoned by candy sent from San Francisco, says: "I have talked with the attorney general and other state officials of Delaware, disclosing all the facts within my knowledge, which could possibly lead to the detection of the poisoner, whose act caused the tragedy. I must refuse to make any statement for publication because it might defeat the ends of justice and because innocent persons might be involved."

Departure of Miles Delayed.

Ponce, Puerto Rico, Aug. 24.—A cable message, announcing that Mrs. Miles, accompanied by her daughter, Mrs. Rice, had sailed for Ponce on the United States transport Obdam, from Charleston, last Saturday, will delay the departure of General Miles and staff possibly several days.

DEMOCRATS FIGHTING IN OHIO.

Factional Fighting More Bitter Than Usual—Talk About the Philippines.

Dayton, O., Aug. 24.—The Democratic state convention assembled at 11 o'clock in the Fairview Casino suburban summer resort.

The attendance of delegates was not large, but the factional fighting was more bitter than usual. It was expected that the factions would fight on the floor of the convention. A large crowd assembled to witness the exhibition.

Judge Allen Smalley, temporary chairman, said in part: "If the Philippine islands are not capable of self-government, we do not want them as part of the United States. If they are capable of self-government, we do not want them as a dependency bound to us by golden bonds, but as an independent sister republic."

The resolutions re-affirmed the Chicago platform and said: "We particularly endorse the financial plank therein declaring for the free and unlimited exchange of silver and gold in the ratio of 16 to 1, independent of any and all other nations. We are proud of the patriotic conduct, in peace and in war of that great leader, Wm. J. Bryan, and we favor his renomination for the presidency in 1900."

Those holding minority reports on credentials were induced not to present them. The majority report was adopted without the expected row. There was also a compromise in the organization of the new state central committee with Wm. S. Thomas, chairman; Harry S. Lester, secretary; and Mr. Wilson, treasurer. Mr. Lester was the anti-Dawling candidate for chairman.

Saloons Closed at Ponce.

Ponce, Puerto Rico, Aug. 24.—General Miles H. Wilson, who has assumed control of the district of Ponce, has ordered all saloons closed for three days with a view of quieting existing disorders. They will be opened subsequently under special regulations. General Grant has established headquarters.

FAVORS TEACHING SPANISH.

Professor Andrews, the New Superintendent of the Chicago Schools, Will Add Spanish to List of Studies.

Chicago, Aug. 24.—Spanish will be added to the list of studies in the Chicago schools if Dr. E. B. Andrews, the new superintendent, has his way. He also favors the annexation of the Philippines.

Dr. Andrews says that when Cuba, Puerto Rico and the Philippines come under the control of the government, rich new fields for business enterprises will be opened to young men. For that reason he considers it fully as essential to teach the Spanish language as German and French.

More Troops Reach Manila.

Manila, Aug. 24.—The United States transports Rio Janiero and Penna arrived here today, the former bearing two battalions of South Dakota volunteer recruits for the Utah light artillery, and a detachment of the signal corps. The latter brought the 1st Montana volunteers and 300 recruits for the 1st California volunteers.

NOT A SINECURE POSITION.

Customs Collector of Santiago de Cuba Finds Plenty of Occupation—Many Sick Immunes.

New York, Aug. 24.—A Herald dispatch from Santiago de Cuba says: Customs Collector Donaldson is finding the duties of his office more extensive than he probably had any idea of at first. The entire clergy from Archbishop Cresco down have sent in the regular monthly "impress" for the payment of salaries. The archbishop's salary originally was \$18,000, but has been reduced to \$12,000.

Of the two companies of the 2nd immunes, returning from Guantanamo, many are sick with fever. Major Boatner, commanding, is very ill.

Assistant Treasurer at Philadelphia.

Washington, Aug. 24.—The president today made the following appointment: Assistant United States treasurer, Philadelphia, John W. Finney.

Company C Will Come Home.

New York, Aug. 24.—A special to the Herald from Washington says: The number of volunteer regiments to be mustered out may be given out on Thursday. The list has been practically agreed upon by the administration. Among the infantry to be mustered out is the Arizona and New Mexico regiment.

Spanish Soldiers Home.

Corunna, Spain, Aug. 24.—The Spanish steamer Alicante, with the first Spanish repatriated soldiers from Santiago, reached here yesterday. Enormous crowds gathered but were not allowed to get near the vessel for fear of yellow fever contagion.

TROUBLES AT TANGIERS.

Efforts to Check Persistent Rumors of Sultan's Death—German and Italian Demands.

Tangiers, Aug. 24.—In order effectually to check the rumors of the sultan's death, it is assiduously reported that the sultan has left Marrakesh for Fez, to receive the embassies' official visits, returning after the uprising has been quelled.

Meanwhile the grand vizier, alarmed at the increasing influence of Germany and Italian demands, is preparing to dispatch a Moorish embassy to Europe, probably to London and Rome, to settle the outstanding claims.

The Germans are scouring the country. One German officer, stationed at Tituan, on the pretense of being a student acquiring the Arabic language, has been really exploring the surrounding territory.

Mohammed Torres, foreign minister, is favorable to the Germans, but the grand vizier is unfavorable.

The Spanish gunboat General Valdes, arrived this morning with government orders for the Spanish minister.

There is great excitement at the Italian consulate. Mohammed Torres is becoming threatening; the Italians are defiant. If there is no answer to the ultimatum a warship will start at once for Spezzia.

There is absolutely no definite news concerning the sultan and the public mind is undecided whether he is dead or alive.

Succeeds Filley.

St. Louis, Aug. 23.—T. J. Aiken, of Hannibal, was today elected chairman of the committee to succeed Filley, by the Republican state convention.

Death of Colonel McClellan.

INSURGENTS IN PHILIPPINES.

Offer to Surrender Their Arms and Cooperate with Americans If Guaranteed Protection.

Manila, Aug. 24.—At a conference today between the insurgents and Americans, the former declared emphatically that they were willing to co-operate with the Americans and surrender their arms promptly, if assured that the islands would remain either an American or British colony, or under a protectorate of the United States or Great Britain. Otherwise, the insurgents would not disarm. They threatened rebellion within a month if the Americans are withdrawn.

Denial From Madrid.

Madrid, Aug. 24.—The government definitely denies that it has sent an order to General Hanco instructing him to resume hostilities against the insurgents. Blanco has no full liberty of action as the occasion may require.

HEROES OF THE LATE WAR.

Volunteers Who Have Seen Service at Santiago and Manila Will Be Mustered Out Unless Join the Regular Army.

New York, Aug. 24.—Secretary Alger is in New York on the way from Washington to Montauk Point, L. I. Secretary Alger said that he had made up his mind, late Monday night, to visit the soldiers' camp at Wikoff and make a personal investigation of the adverse criticism.

"I will start the first thing for Camp Wikoff," said General Alger, "and will stay one, two or three days if necessary to make a complete investigation. If I can make the soldiers there comfortable, I shall be repaid."

Asked about the mustering out of troops the secretary said: "All of the volunteers, who have seen service either in Santiago or Manila, with a few exceptions, will be mustered out. Many of the volunteers want to remain in the service. Of course, a large army is necessary and will be kept up."

Dead Lock Broken.

Council Bluffs, La., Aug. 24.—The dead lock on the ninth congressional district Republican convention was broken this morning by the nomination of Smith McPherson.

Dubious Stories.

London, Aug. 24.—According to a dispatch from Madrid to the local news agency, there has been serious fighting between Spaniards and insurgents in Cuba, in which the insurgents lost 300 killed and wounded. The report is not confirmed.

Reported From Madrid.

Madrid, Aug. 24.—The government has received a dispatch from General Rios, governor of the Vizcaya Islands, successor of General Jauregui in the governorship of the Philippines, saying that there has been bloody fighting between the Spanish and the insurgents, with an estimated loss to the latter of 500 men, Spanish losses "unimportant." That dispatch says that several insurgent chiefs were captured and shot.

Meeting of Employing Printers.

Milwaukee, Wis., Aug. 24.—The Unit-Typothetae of America convened in its 12th annual meeting today, with about 150 delegates in attendance. President N. L. Burriel, in his annual address said: "Employers and employees have begun to see, I trust, that their interests are not antagonistic; that one side cannot succeed by crippling and harassing the other, and that it is for their mutual interests to uphold and help each other in all lawful ways."

President J. H. Bowman, of the International Printing Pressmen and Assistants' union, was admitted to address the convention on a nine-hour work day, which he said would be demanded about September 1, and 30 days granted the employers to meet the demands of the union. A warm debate was had, but no action was taken.

TERRITORIAL TOPICS

Sierra County.

It is estimated that the merchants of Hillsboro gathered in fully 80 per cent of the \$5,000 paid out by the mine operators of the district last week.

Dan Callaghan, lessee of the famous Soltaire mine at Kingston, recently picked up in a creek bed, near his mine, a nugget of silver worth about \$20.

Major Llewellyn, who has proved himself a hero as one of the famous "Rough Riders," will be accorded a grand ovation when he returns to Hillsboro.

Mr. and Mrs. Kirkpatrick and children have gone from Hillsboro to Silver City, where Mr. Kirkpatrick has secured employment at the Silver City Reduction Works.

Las Vegas Notes.

Dr. W. R. Tipton, surgeon general of the New Mexico National Guard, who has been rusticiating in Mora county for several weeks, has returned home and is once more in his becoming professional harness.

Harry Pierce, formerly of the Stock Grower in Las Vegas, is now in Washington looking after the correspondence of Delegate Ferguson, while the delegate is giving attention to his political fences in New Mexico.

Colonel Marcus Branswick recently gave an exhibition in the swimming pool at Las Vegas Hot Springs that astonished his friends. Lying upon his back, he deftly swam with one hand, while with the other he held his pipe, which he smoked with much ease and comfort.

Chaves County.

S. Raymond, of Cerrillos, will probably locate in Roswell.

The Pecos Valley & Northeastern Railroad Company has constructed a neat station house at Greenfield.

The Roswell Register thoughtfully admonishes the dyspeptic not to eat green fruit. Evidently the Register's affections are centered on the dyspeptic.

Noah W. Ellis, of Lincoln county, recently added 440 acres of land to his real estate holdings in Chaves county, making his holdings near Roswell amount to 700 acres of choice agricultural land.

W. M. Reed has resigned the position of superintendent of the Roswell Land & Water Company to accept the position of chief engineer of the Pecos Valley Improvement & Irrigation Company, with headquarters at Eddy.

Gallup Notes.

The Rio Puerco was recently on the rampage.

Two new cases of smallpox, both carefully quarantined, are reported at Gallup.

The Gleaner thinks that the idle young men of Gallup would improve their status in society and their own good by indulging in a little more of what is commonly called "get up and get."

Albuquerque Mention.

Lillie Fleming has been granted an absolute divorce from Daniel G. Fleming and has been awarded the custody of a minor child.

Word has been received that Grant Travis, one of the New Mexico "Rough Riders," has reached Trinidad and will soon come to Albuquerque.

News reaches the city that Jose Francisco Candelario, one of the foremost patriots of Arisco, after an illness of over a year, recently died at his home.

Professor J. Everett Smith, formerly principal of the high school in this city, has been appointed a professor in the territorial normal school at Alva, O. T., at a salary of \$1,300 a year.

Aggrand ball, in honor of Sergeant Geo. W. Armito and Private E. L. Albers, of the famous "Rough Riders," will take place at Orchestra hall this evening. The boys will leave for New York in a few days to take part in the grand military parade on September 5.

Eddy County.

Many horses at Eddy are affected with a form of distemper that obstinately refuses to yield to treatment.

The headquarters of the Pecos Valley & Northeastern railroad have been permanently located at Eddy.

The family of E. O. Faulkner, general manager of the Pecos Valley & Northeastern railroad, will reach Eddy from Los Angeles in a few days, intending to make the Pecos valley metropolis their future home.

R. W. Tansill, the famous cigar manufacturer, is now receiver and general manager of the Pecos Valley Irrigation & Improvement Company, with E. S. Motter officiating as auditor and cashier.

E. C. Tracy as land commissioner, and W. M. Reed as chief engineer.

TENTS BLOWN DOWN.

An Electrical Storm Caused Confusion Worse Confounded in Soldiers' Camp at Montauk Point.

Montauk Point, L. I., Aug. 24.—In the electrical storm, which continued four hours last night, the wind blew down many soldiers' tents and the Red Cross hospital tent, and caused havoc generally. Two tents were carried into the ocean.

The wrecking of the live unoccupied tents of the detention hospital will prevent the landing of some sick soldiers on transports.

The transport Arcadia, which arrived last night, was inspected today. Captain Capron, father of Captain Capron of the "Rough Riders," who was killed at Santiago, is on board, sick.
